

# Creating Wiki Entries

This work instruction provides detailed instructions on how to create a wiki page. This work instruction assumes that the user is logged in to Blackboard, inside of an active course, and ready to create the wiki page.

1.	<p>Click the link for the wiki.</p>  <p>Wikis are great ways of collaboratively building information with minimal software. Wikis are built with nothing more than a web browser, your keyboard, and your brain.</p> <p>For this assignment let's build a wiki that can help us and new online students gain knowledge about tools that may provide assistance when taking and preparing to take online classes. Look at Web 2.0 technologies and some of the little-known technology in Blackboard. Put all of the information in the wiki. Be sure to use pictures and various text styles to call attention to important aspects. Have fun with it!</p> <p><b>IMPORTANT NOTES</b></p> <ul style="list-style-type: none"><li>Wikis can be identified by the icon to the left of the link. This icon is five collated pieces of paper.</li><li>If the link to the Wiki does not exist within the week, click the Wikis link in the left-hand navigation pane or access Wikis from the Tools link in the left-hand navigation pane.</li></ul>
